

## Patient Health Records – Refusal to Consent to Sharing Records

### Type 1 Objection

I refuse consent for my identifiable information to be transferred from your practice systems for any purpose other than my individual medical care\*.

Please take whatever steps necessary to ensure my confidential personal information is not uploaded and record my dissent by whatever means possible. This includes adding the 'Dissent from secondary use of GP patient identifiable data' code to my record.

I am aware of the implications of this request, understand that it will not affect the care I receive and will notify you should I change my mind.

### Type 2 Objection (National Data Opt-out)

I understand that if I do not want NHS Digital to share confidential patient information that they collect from across the health and care service for purposes other than for my individual care, I must visit [nhs.uk/your-nhs-data-matters](https://www.nhs.uk/your-nhs-data-matters) or call 0300 303 5678
